Chiropody & Podiatry

www.bartholomewwayclinic.co.uk

Our experienced practitioners Charles Tovey, Mahmood Sharifi-Hosseini & Gary Hadley provide a wide range of general chiropody treatments from corns, callus & verrucae to ingrowing & fungal toenails.

We specialise in treating foot and ankle pain; including shin splints, heel pain, policeman's heel, plantar fasciitis and bunion problems.

We prescribe custom-made orthotic insoles using our laser and contact foot scanners. Insoles are made onsite using our computerised manufacturing equipment.

Footwear Solutions

www.footwearsolutions.co.uk

We provide comfort and orthopaedic footwear for all. We also undertake all shoe modifications from simple shoe stretching to rocker soles and shoe raises.

Physiotherapy
